

GREEN HEARTH
DESIGN STUDIO

| CLIENT PACK |

Hello and welcome!

We're so glad you're here.

We're two sisters - one an architectural designer, the other a fashion designer - who joined forces to bring fresh, functional, and beautifully lived-in spaces to life. Together, we founded Green Hearth Design Studio with one mission in mind:

To make good design more accessible, one room at a time.

Whether you're planning a renovation, reworking a tricky layout, or dreaming up your ideal home, we're here to help you uncover the potential in your space - and enjoy the process along the way.

This Client Pack outlines how we can support your project - from layout strategy and planning to full interior design. We've also included a breakdown of our services and fees, so everything is transparent and easy to follow.

We can't wait to get started!

Best,

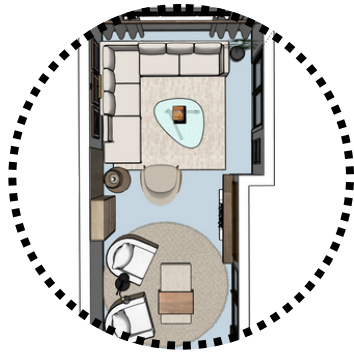

Nimmiya and Navya

Description of Work: Interior Design and Styling

Hi ! Thank you for considering us to work on the design of your home. Below is breakdown of the services we will provide and a approximate fee ranges .

Service	Description
1. Initial Consultation	<p>What's Included:</p> <ul style="list-style-type: none">• A one-hour consultation via zoom or On-Site to discuss your needs, vision, and goals for the spaces. (For exact measurements of the rooms an on-site consultation would be ideal.)• On Site Survey to get the exact measurements of the spaces or clients to provide the measurements if remote.• We will review the current layout, understand your preferences, and talk about the functionality and style you want.• After the consultation, you will have a clear idea of the design process, and we'll have the information to proceed with the next steps.
2. Space Layout Design	<p>What's Included:</p> <ul style="list-style-type: none">• A custom layout design using measurements of the home. This includes space planning for optimal furniture arrangement, circulation, and functionality of each room.• 2 revision included after our discussion of the proposed layouts.• Additional revisions will be charged at £40 per hour. <p>What You Can Expect:</p> <ul style="list-style-type: none">• A functional and aesthetic layout that maximizes

your space.

- A plan that considers both your current and future needs.

3. Style Discovery Document

What's Included:

- A document for you to choose from various style options, helping us understand your preferences and dislikes.
- This step is key to narrowing down your design style before we create moodboards.

What You Can Expect:

- A clear direction on the styles you're drawn to, which will guide the next stage of design development.

4. Moodboard Development

What's Included:

- Following our discussions during the Style Discovery phase, we will return with photorealistic design style options for each space.
- Once you select your preferred design style, we will proceed to create a detailed moodboard for each space. The moodboard will include product images, color schemes, textures, furniture, and accessories that align with your style and budget.
- One revision is included after client discussions. Any further changes will be charged at £40 per hour.

What You Can Expect:

- Photorealistic renders of the potential designs, giving you a clear visual idea of how each room will look.
- Once the style is chosen, a detailed moodboard that outlines all key elements of the design, including the proposed products for your room.

5. Sourcing Document

What's Included:

- A document detailing all the sources for the items in your moodboard, including where to buy them, costs, and any alternatives for items that may need to be swapped based on availability or budget.
- This will allow you to purchase the items gradually as your budget allows.

What You Can Expect:

- A straightforward and organized shopping list for each room.
- Options for affordable pieces and recommendations for where to find each product, so you can complete the look over time as your budget permits.

Technical Drawings and Installation Document

What's Included:

- Technical Drawings will include all information positioning the furniture, Sizes , height of installation for artwork, curtains etc which will all help during installation to achieve a cohesive and well designed space.
- The Specification and installation document will include step by step information of materials, wall treatment etc .

What You Can Expect:

- A comprehensive document for you to refer to which will avoid any confusion while dealing with trades people.
